TUSENMANNA 2.0 – A CHESS TOURNAMENT WHERE EVERYONE HAS A CHANCE, REGARDLESS OF LEVEL, AGE OR EXPERIENCE!

TUSENMANNA 2.0

– WHAT'S NEW?

Tusenmanna returns in 2027 as Tusenmanna 2.0, with major upgrades to registration, logistics, pairings, the handicap system and prizes:

A smoother arrival: Tusenmanna players will be admitted one hour before the general public. Increased entrance capacity will help you enter smoothly and reach the playing area in good time.

All the information you need: The Chessparty registration system and app will provide your table number and other essential tournament information. You will also receive the information by email and SMS.

First-round pairings in advance: Your first-round pairing will be ready before play begins, allowing you to find your table, settle in and prepare for your first game.

An improved handicap system: Following advice from leading grandmasters, we have introduced a separate rating class for players rated 2500 and above. These players will now receive 30 seconds in the most unbalanced matches, compared with one minute in 2026. This adjustment creates an even more competitive tournament for players across all rating levels.

More chances to win: The prize fund has increased, and during the tournament, two participants will be selected at random to receive a gift card each to spend on Chessparty merchandise and/or chess equipment.

Registration is limited to 1,000 players, so secure your place today.

TOURNAMENT FORMAT

1. GROUP STAGE ›

Players are divided into groups of eight and play seven rounds in a round-robin format. The winner of each group advances to the semifinal stage.

2. SEMIFINAL STAGE ›

Up to 125 qualifiers are divided into four sections. Each section plays a seven-round Swiss tournament.

3. FINAL

The four semifinal section winners advance to a three-rounds, round-robin final, in which each finalist plays every other finalist once.
